A Meeting: An event where the minutes are kept and the hours are lost...

- Question: How much does it cost your budget to hold a one-hour meeting?
  - Avg hourly salary x 2 x no. of people.
- A simple efficient meeting (follow same cycle each time)
  - Review/verify completed work
  - Ongoing tasks, deal with difficulties, estimate completion date.
  - Upcoming work, volunteer/delegate, negotiate deliverable and completion date.
  - End meeting with: Recap urgent to-do items, anticipate important resources and lead times!

Time Management

- Which mode of operation is best?
- Most of us spend way too much time on important-urgent category, i.e. in CRISIS MODE.
- Better – start early, spend most time on “Important but not yet Urgent.”
